

Master in Management

2011 Pre-Master International Admission Test (PMAT)

Application Guidelines and Regulations

The Pre-Master International Admission Test is the entrance examination for students who have completed two years of higher education outside of France. This entrance examination allows the candidates to enter into ESCP Europe Master in Management in the pre-Master year. This programme gives a choice of several school careers in 2 or 3 countries, at our five European campuses and/or at one of our 71 partner universities. In all cases the total programme lasts 3 academic years. To obtain the diploma 39 weeks of internships are required. Previous professional experiences can be validated. In the Paris campus, instruction is given in French in the Pre-Master year, in French or English in the Master course. In the Berlin campus, instruction is given in English in the Master 1, in German in the Master 2. In the other campuses, instruction is given in the local language.

How to choose your campus?

Pre-Master year	One academic year in: Paris or Torino
Master 1 Semester 1 & 2	Each semester in: Paris, London, Madrid, or Berlin (in English)
Master 2 Semester 1 & 2	Each semester in: Paris, Berlin, London or Madrid for specific courses (semester 2 only), or a partner university

Your choice of school career will depend on the Diplomas you want to obtain and on your proficiency in the languages of the chosen countries.

At the time of application, the location of the first year of study must be chosen among Paris and Torino. As instruction is given in the local language, the students must be proficient in the language of the first year and obtain a minimum score of 10/20 (average mark) on the relevant language test. For studying in other campus(es) in the 2nd year, the language course at ESCP Europe in the relevant local language must be validated before going to the corresponding campus.

When the students enter the programme, as they are automatically enrolled in the ESCP Europe Master in Management (French degree), **they must study at least one academic year at the ESCP Europe Paris campus (either in French* or in English*)**. A validation of the French language course is required before the awards jury. In addition, they may study at other ESCP Europe campuses or at one Partner University, limited to three different countries overall.

Specific requirements to obtain the following degrees:

***MSc City University:** After the pre-Master year in Paris or Torino

- 2 years / 2 countries: Study **one academic year (Master1) at the London campus in English & one academic year (Master2) at the Paris campus in French**. No access to any partner university.

“Master Europeo en Administración y Dirección de Empresas”:
